Expertise & Vision

OUR MANAGEMENT TEAM

Our management team consists of seasoned, shore-based ship managers who bring deep, specialized expertise across all facets of maritime activities and asset management.

Strategic Foundation

With more than two decades of accumulated experience in the global maritime sector, our leaders have established broad technical expertise, navigated complex regulatory landscapes, and built strong, lasting industry relationships.

We are committed to securing our future growth and expanding our service delivery through strategic acquisitions, collaborative partnerships, and powerful industry alliances.

Core Commitment

At Samar Marine Services, our team is the backbone of our operational success and client trust. We are united by an unwavering commitment to operational excellence, safety, and integrity.

Each member of our leadership team contributes proven experience and dedication toward delivering top-tier, compliant marine solutions that protect and enhance your high-value assets.

ABOUT US

Welcome to Samar Marine Services. We offer a specialized portfolio of maritime services designed for the critical needs of the global energy sector. Our unwavering commitment to full ship management and unrivaled reliability positions us as a trusted partner in marine asset management.

We deliver cost-effective and personalized maritime solutions, ensuring the seamless operation of vessels and rigs.

Through our commitment to the core values of Quality, Safety, and Integrity, Samar Marine Services consistently meets the stringent regulatory requirements and exceeds the operational expectations of all our clients worldwide.

MOTIVE

Our core motive is to ensure the safe, compliant, and efficient operation of every vessel under our care. To achieve this standard of excellence in ship management, we are dedicated to providing the highest caliber of human expertise: deploying crew members who are well-trained, experienced, job-matched, and highly competent to protect your assets and uphold our commitment to operational integrity.

Our company maintains ownership of a specialized marine fleet designed to meet diverse offshore needs, comprising powerful Towing Tugs, Accommodation Crane Barges, and high-speed Crew Boats.

ETHICS

Our ethical framework is built around the integrity of our management services. We are fair, transparent, and trustworthy in all dealings with our candidates, business associates, and the wider community. This ensures the unbiased professional conduct and accountability required for critical vessel operations and regulatory compliance.

Our Commitment to Excellence & Global Certification

Our operations are underpinned by a steadfast commitment to the highest international standards in quality, safety, and environmental stewardship. We are proudly certified across our integrated management system:

ISO 9001:2015: Quality Management Systems

ISO 45001:2018: Occupational Health and Safety (OH&S)

ISO 14001:2015: Environmental Management Systems

ISO 22000:2018: Food Safety Management Systems

FSSC 22000: Food Safety System Certification

SERVICE AREAS

INTEGRATED MARITIME SOLUTIONS

SAMAR MARINE SERVICES PROVIDES COMPREHENSIVE, INTEGRATED SOLUTIONS FOR EVERY PHASE OF VESSEL OPERATION, MANAGEMENT, AND SPECIALIZED MARINE SUPPORT

Asset Management & Technical Solutions

- Full Ship Management: Comprehensive management of technical, safety, and operational aspects for specialized vessels including tankers, AHTS, bulkers, containers and barges.
- Technical Management: Dedicated engineering and maintenance support for your high-value assets.
- Repair & Maintenance: Scheduled and emergency repairs, dry-docking management, and deployment of Riding Gangs for at-sea maintenance.
- Marine Equipment Trading: Supply of certified new and used equipment, including anodes, fenders, mooring items, shaft line items, propeller gear, safety materials, and firefighting tools.
- Heavy Marine Equipment Supply: Supply and rental of heavy lifting cranes, floating cranes, generators, compressors, and various essential marine equipment for port and offshore projects.

LSA & FFA Supply, Servicing, and Certification

We offer comprehensive supply, annual servicing, inspection, and certification for all vessel Life Saving Appliances and Fire Fighting Appliances, ensuring mandatory compliance and operational safety.

- Fixed Extinguishing Systems: Inspection, servicing, and certification for Fixed CO₂ Systems, Dry Powder, High/Low-Pressure Foam Systems, and Sprinkler Systems.
- Portable Equipment: Annual service and supply of Portable Fire Extinguishers and Fire Detection & Alarm Systems.
- Personal Safety: Annual inspection and supply of Immersion Suits, Self-Contained Breathing Apparatus, Emergency Escape Breathing Devices.
- Medical & Gas: Servicing of Oxygen Resuscitators and supply of Portable Single and Multi-Gas Indicators.

Specialized Port & Offshore Operations

- Port Operations: Pilotage, berthing, unberthing, and vessel assisting services to ensure safe and efficient maneuvering of ships within port limits.
- Towing, Towage & Salvage: Providing professional towage for vessels and infrastructure, along with comprehensive salvage and wreck removal services.
- Vessel and Rig Escort: Safety-focused escort and security services for transit within restricted or busy zones.
- Berthing Assistance: Expert maneuvering for safe and efficient docking and un-docking.
- Rig Moving: Specialized planning and execution for the safe movement and positioning of drilling rigs.
- Emergency Response: Trained teams and resources for immediate maritime emergencies and incident management.

Subsea & Diving Solutions

We deliver complete commercial diving, subsea engineering, and underwater intervention services, fully compliant with Saudi Aramco, ADNOC, QatarEnergy, IMCA, ADCI, ABS, DNV, and leading American offshore-diving standards.

Our diving division covers the full range of air, mixed-gas, and saturation diving operations, supported by advanced equipment, certified systems, and highly skilled multinational diving personnel.

Diving & Subsea Activity Scope

Saturation Diving

- Deep-water installation, inspection, repair & maintenance
- Long-duration subsea construction & complex intervention
- Hyperbaric welding, cutting & confined-space underwater operations

Air & Mixed-Gas Diving

- Shallow & mid-depth diving support
- UWILD, NDT, CP survey, visual & video inspection
- Platform, pipeline & subsea structural inspection
- SBM/CALM buoy inspection, maintenance & repair

Remotely Operated Vehicle Operations

- Observation-Class & Work-Class ROVs
- Pipeline route surveys & seabed mapping
- Subsea construction support & monitoring
- Real-time underwater operations supervision

Highly Skilled Diving Manpower Supply

Samar Marine provides complete diving manpower for all offshore and subsea operations:

- Offshore Saturation Divers
- Air Divers & Mixed-Gas Divers
- Diving Supervisors (IMCA/ADNOC/Aramco approved)
- Life Support Technicians
- Life Support Supervisors
- Dive Technicians & System Operators
- ROV Pilots & ROV Supervisors
- Subsea Engineers & Subsea Technicians
- Dive Medics
- Hyperbaric Welders & Underwater Cutting Specialists
- Dive Coordinators & Dive Project Managers

Subsea Construction & Marine Support

- Pipeline installation, tie-ins & spool piece work
- CP system installation & anode replacement
- Platform repair, jacket inspection & maintenance
- Subsea cable laying support
- Offshore asset monitoring & long-term subsea observation

Diving Project Management & HSE Compliance

- Preparation of dive plans, risk assessments, method statements
- IMCA-compliant safe diving procedures & HSE documentation
- Full offshore crew mobilization & logistics
- Emergency rescue & contingency response teams
- Vessel, barge & Diving Support Vessel mobilization

Diving Equipment & System Supply

- Complete SAT diving systems
- Modular surface-supplied diving systems
- Launch & Recovery Systems
- Diving Decompression Chambers
- HP compressors & saturation control systems
- Hydraulic underwater tools & NDT equipment
- Camera systems, lighting, and sonar equipment
- Full diving spread mobilization for offshore projects

Crewing & Logistics

Crew Management:

Supply of experienced and job-matched crews for offshore units, tugboats, tankers, and supply boats, all trained to O&G industry standards.

Ship Agency Services:

Full-scope port agency, handling all administrative, customs, and logistical requirements to ensure rapid, seamless port calls.

Ship Chandling:

Reliable supply of high-quality provisions, technical stores, and spare parts.

Ship Chartering, Bunkering & Towing:

Customized solutions for cargo shifting, demurrage handling, and general offshore support operations.

Commercial Services

Ship Trading:

Specialized services in buying and selling diverse fleets, including offshore vessels, tankers, barges, and supply boats.

Efficient Vessel Management

AT SAMAR MARINE SERVICES, WE STRIVE TO OPERATE ALL MANAGED VESSELS IN THE SAFEST AND MOST EFFICIENT MANNER POSSIBLE. OUR MANAGEMENT PROTOCOLS ARE DESIGNED TO MEET THE COMPLEX AND OFTEN OVERLAPPING REQUIREMENTS OF ALL KEY STAKEHOLDERS:

Shipowners: Protecting asset value and profitability.

- Flag States & Port States:** Ensuring legal registration and safe port access.
- Class Societies:** Upholding structural and technical integrity.
- Charterers & Cargo Owners:** Guaranteeing reliable service delivery.
- Regulatory Bodies:** Maintaining full compliance with IMO's International Safety Management Code and all regional environmental regulations.
- Our commitment ensures operational excellence, minimizes risk exposure, and guarantees the highest level of operational integrity for your assets.

Crewing Solutions

WE ARE A PREMIER PROVIDER OF HIGHLY COMPETENT AND SPECIALIZED MARITIME PERSONNEL, DELIVERING THE HUMAN EXPERTISE REQUIRED FOR SAFE, COMPLIANT, AND EFFICIENT OPERATIONS WITHIN THE GLOBAL OIL & GAS AND COMMERCIAL SHIPPING SECTORS. OUR RIGOROUS SELECTION AND TRAINING ENSURE CREW MEMBERS ARE PERFECTLY JOB-MATCHED TO YOUR HIGH-VALUE ASSETS AND SPECIFIC OPERATIONAL NEEDS. WE DEPLOY CERTIFIED AND EXPERIENCED PERSONNEL ACROSS SPECIALIZED ROLES, INCLUDING:

- Drilling & Rig Crew:** Skilled personnel for drilling rigs, platforms, and FPSOs.
- Offshore Crew & Platform Support Staff:** Specialized technicians and maintenance crew for fixed offshore units.
- Vessel Manning:** Deck, Engine, and Catering crew for all commercial vessels, including tankers and support fleets.
- Specialized Maritime Workers:** Expertise in shipyard repair and new ship delivery operations.

Advanced Marine Solutions

Propulsion & Machinery Overhaul

- Main & Auxiliary Engine Expertise: Expert repair, maintenance, and comprehensive overhaul of all classes of main and auxiliary shipping engines.
- Propulsion & Shaft Line Solutions: Comprehensive services for shaft lines, propellers, and gears to ensure optimal efficiency and power transfer.
- Power Generation Systems: Maintenance, repair, and overhaul of all onboard power generation sets and marine power systems.

Digital Systems & Operational Efficiency

- Integrated Vessel Control Systems: Installation, maintenance, and support for integrated bridge and engine room control systems.
- Thermal Engine Room Monitoring: Implementation and maintenance of systems for continuous, proactive thermal monitoring to prevent failure and ensure safety.
- Boat Electrical/Electronic Management: Comprehensive management and repair of all vessel electrical and electronic systems.
- Simulation: Utilization of advanced simulation technology for crew training, emergency scenario planning, and operational optimization.
- Fleet Optimization: Data-driven strategies and technical interventions to enhance overall fleet operational efficiency and cost management.

Environmental & Specialized Compliance

- Ballast Water Management Systems: Compliance and retrofit services for BWMS installation, maintenance, and certification.
- Waste & Wastewater Treatment: Solutions for advanced wastewater management and treatment systems, ensuring adherence to environmental regulations.
- Gas Solutions: Specialized technical support for marine vessels utilizing Gas fuels, including maintenance and regulatory compliance assistance.
- Electric & Hybrid Systems: Specialized repair and support for Electric Shipping, Hybrid Ships, and Solar Powered Electric Boats, aiding in decarbonization efforts.
- Fresh Water Generation: Maintenance and repair of onboard fresh water generation systems.

Inspection, Compliance & Safety

- **High Voltage Surveys:** Detailed surveys and reporting on high voltage systems.
- **Electrical Design & Certification:** Electrical design services, issuance of New Installation Certificates, and preparation of Inspection & Testing Reports.
- **Condition Reporting & Tracing:** Comprehensive Electrical Inspections & Condition Reports, including wiring traces, cable schedules, and fault reports.
- **PAT Testing:** Routine Portable Appliance Testing to ensure crew safety and compliance.

IT, Communications & Security

- **Software, Hardware & Server Support:** Full-spectrum support for vessel software, hardware, and server infrastructure.
- **Computing & VoIP Solutions:** Provision and maintenance of modern Computing and Voice over IP communication solutions.
- **Telecom Cabling & Systems:** Installation and maintenance of telecom cabling and communication systems.
- **Access Control & Surveillance:** Integration and maintenance of access control and comprehensive surveillance systems (CCTV).
- **Building Management Systems:** Integration and maintenance of BMS, primarily focused on vessel automation and centralized control.

SAMAR

MARINE SERVICES

Understanding Client Needs

We initiate the process by collaborating closely with our clients to gain a comprehensive understanding of their specific operational requirements, strategic goals, and unique fleet challenges. This detailed assessment forms the foundation of a truly bespoke management solution.

Strategic Planning

Leveraging our decades of expertise, we develop detailed, integrated strategic plans for technical maintenance, crew rotation, logistics, and compliance. This ensures every operational aspect is meticulously organized, budgeted, and scheduled for optimal efficiency and zero disruption.

Ongoing Support

Our commitment extends far beyond the planning phase. We provide continuous, proactive support, dedicated to upholding the highest quality standards, maximizing operational efficiency, and pursuing excellence in every decision made regarding your vessel or asset.
